## SUMMARY

Highly motivated Master of Computer Application student with a patient and optimistic attitude. Known for a proactive, solution-oriented approach to problem- solving and a strong desire to take on new challenges.

## INTERNSHIP

Luytens Technology Solutions | Full stack developer intern

( Feb 2024 – Oct 2024 )

- Developed and maintained the "Luytens Technology Solutions" website, ensuring responsiveness across all devices using React and CSS.
- Conducted cross-browser testing and debugging on Chrome, Firefox, and Edge to ensure consistent performance.
- Collaborated closely with back-end developers to integrate front-end and server-side functionalities seamlessly.
- Reviewed team members code to ensure it was clean, efficient, and met project standards.

## PROJECTS

### > Job Portal

- Developed a job portal to connect job seekers with employers.
- Frontend : Built using React.js and CSS for a responsive user interface.
- Backend : Implemented with Python/Django for robust server-side functionality.
- Utilized Docker for efficient resource management and deployment.
- Created a login API using Django REST Framework.

## SKILLS

- Programming Languages: Python, Java(Basic), HTML, CSS
- Frameworks: React.js, Django REST Framework
- Tools: Docker, VS Code, Postman, Git-Hub
- SQL
